TRIP OVERVIEW

Come and Join me in this unique experience with Private Transportation

Crystal clear waters falling and turning white at Petrohue falls! Wondering why is so pretty? I will explain why and when this formation happened, booking this tour with me will warranty a good knowledge and experience in the area and a lot of good stories to learn from the local people about this conic volcano and its past with mythology of the native Huilliche people.

And as a surprise I will show you where the locals in Puerto Varas gather for a non touristic lunch and beer (not included). But before this we will drive along the scenic road to appreciate the Osorno for a closer perspective at 1250 Mts above sea level. (4100 feet)! No doubt an exciting day will be coming soon.
